

XM radio is the best high tech invention for the money. I drive 60,000 plus miles per year and the garbage on am and fm is terriable. I also travel from Pa to FL and having a constant signal for the whole trip which is great. with the world so confusing have reliable signal with diverse stations is important. wheather and traffic is important cause we can't do without. call 717 274-5621
